**Subject:** RE: community meeting - Source control for Slip 4 -

Hello,

This is to confirm that the community meeting on Source Control for Slip 4 (see Dan's email below) is scheduled for Tuesday June 12, 2007 at the South Seattle Community College Duwamish Center (room # A127) located at 6770 E Marginal Way S, Seattle WA 98108.

Dan and I will be out of the office next week from May 21 - 28. BJ will draft the meeting announcement. She will distribute the announcement to Georgetown and South Park via the neighborhood listserves, and their Superfund email list of 1,000. She will also do a postcard mailing and neighborhood kiosk distribution of ~2,000. Prior to distribution, Sarah will review the invitation and provide input.

To better prepare for this upcoming community meeting, I suggest we hold a planning meeting to strategize, define roles and responsibilities, discuss meeting format, logistics and make sure everyone is on the same page.

Since this is pretty close to the public meeting date, I would like to schedule this planning meeting for the week of May 29th or the week of June 4th. I would block out 9-12 in the morning or 1-4 in the afternoon. This meeting will take place at Ecology's Northwest Regional office. So, **please return your availability morning and afternoon for the dates May 29th through June 6th.**

May 29  
May 30 – before noon only  
May 31  
June 1  
June 4  
June 5

5/22/2007

June 6 – before noon only

Thanks,

Justine

**Subject:** community meeting - Source control for Slip 4 -

The Georgetown community is interested in what is happening with source control for Slip 4 and particularly North King County Airport, the steam plant and the flume, and the other properties in the area.

This is to ask if you are available the week of June 12 from 7 - 9 pm .

The format will be informal, similar to what has been done for the Dallas Ave, Terminal 117 meetings, and I suppose those that have been done for the Slip 4 cleanup.

It would be good to have those of you who can answer questions in detail there about what you've done and what's in the works.

Please let me know.

FYI: I am out of the office from May 14 - 29.

Dan
